Unlock the magic and meaning of words.

Authors Timothy Rasinski, Nancy Padak, Rick M. Newton, and Evangeline Newton
Levels K–8

Set students up for academic success in as little as 20 minutes a day with this simple, systematic approach to teaching academic vocabulary. This updated edition of *Building Vocabulary* will empower students with the tools and strategies they need to decode words independently, beginning with word families before transitioning to Greek and Latin roots.

EACH KIT INCLUDES

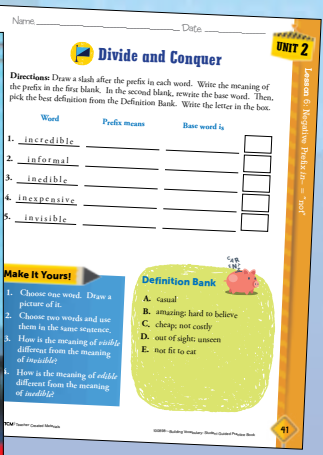

Teacher's Guide

- Reduce prep time by utilizing the short, daily lessons, embedded PD, and everything else needed for effective vocabulary instruction.
- Build teacher capacity with targeted instruction on common spelling issues, differentiation strategies, and support for bilingual students.

Assessments

- Refine instruction and target students' needs with the formal and informal assessments provided.
- The Diagnostic Pre-test and Post-test serve as a tool for planning instruction and monitoring students' growth.
- Formal and informal assessments and cloze texts for each unit provide additional information about the students' vocabulary strengths and weaknesses.

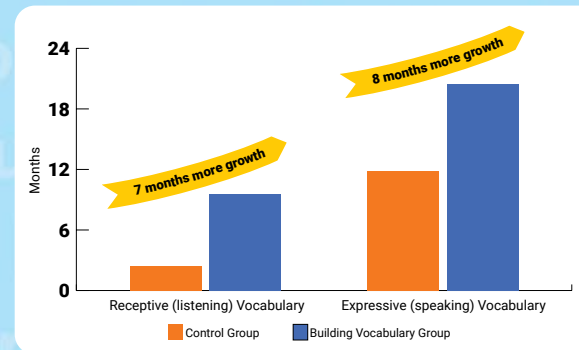

Student Guided Practice Book

- Help students unlock the meaning of cross-curricular vocabulary with the daily activities provided in the full-color Student Guided Practice Book.
- Make the content relevant and engaging with real-world examples and practical application.

Program Guide

- Dive into the research that drives the use of roots and linguistic patterns to teach English vocabulary and see how students grow across the levels of instruction.
- A quick overview of the program components explains how to use the Digital Games, and provides pacing options, and tips for implementation.

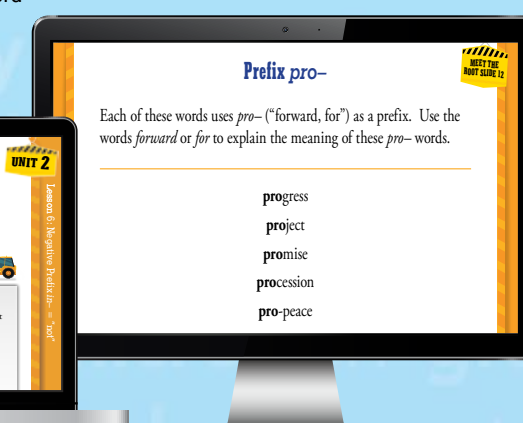

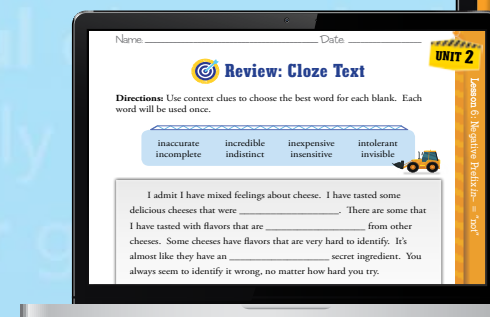

After just four weeks of instruction, students utilizing *Building Vocabulary, 2nd Edition* saw significant growth in both receptive (listening) and expressive (speaking) vocabulary. To view the research study online, visit us at www.tcmpub.com/research.

Digital Resources

Utilize additional teaching and practice resources with slides, assessments, reproducibles, bonus student pages for each unit, and a comprehensive Word Families and Word Roots list.

“My students are more interested in how words operate and I can see how they are using these new skills during the day.”
—Teacher, Grade 3

Digital Games

Provide fun, interactive and meaningful practice and application with accompanying digital games.

Divide and Conquer

Use the game's tools to practice dividing and conquering the semantic units of a word.

Combine and Create

Scroll the game's wheels to combine word parts to form the provided definition or image.

Foundations Levels K-2

Building Vocabulary, 2nd edition Foundations empowers beginning readers to learn words by identifying sound-spelling patterns. Students will build vocabulary through the use of poems, word endings, simple roots, and digital slides and games.

5 Days of Instruction and Student Guided Practice

Lesson plans in the Teacher's Guide correspond to the Student Guided Practice Book pages.

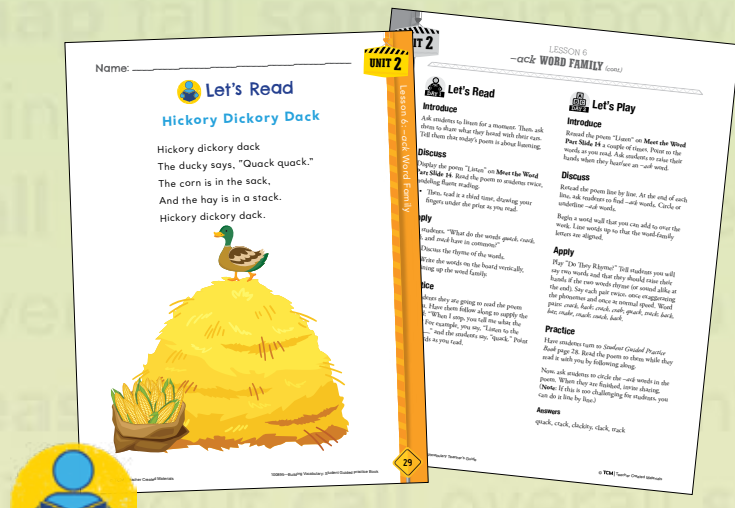

Word Roots Levels 3 and Up

Building Vocabulary, 2nd edition from Word Roots thoroughly teaches Greek and Latin prefixes, bases, and suffixes. Students will learn strategies for deciphering roots and their meanings across multiple content areas. Advanced word study practice and essential word strategies enable students to unlock the meaning of vocabulary words they encounter in and out of school.

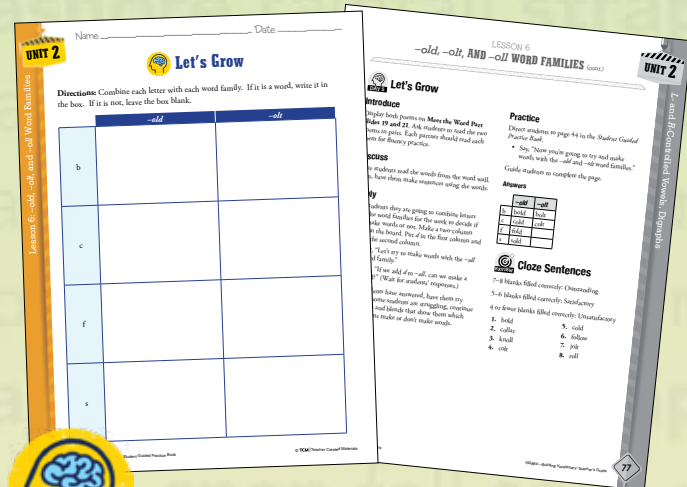

5 Days of Instruction and Student Guided Practice

Lesson plans in the Teacher's Guide correspond to the Student Guided Practice Book pages.

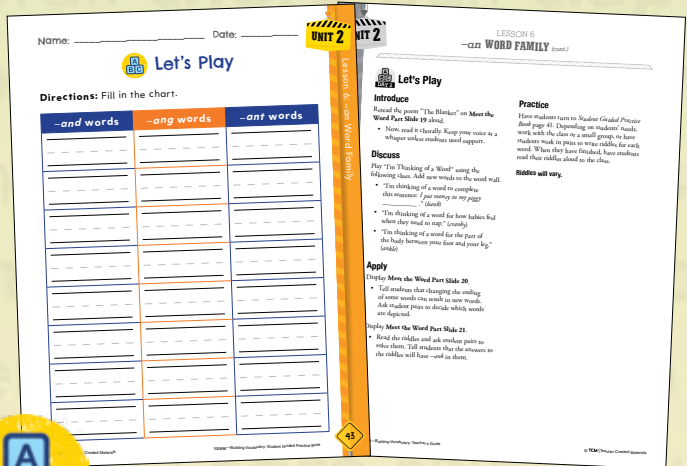

Let's Read
Focuses on reading short poems to identify word families/roots

Days 1 & 3

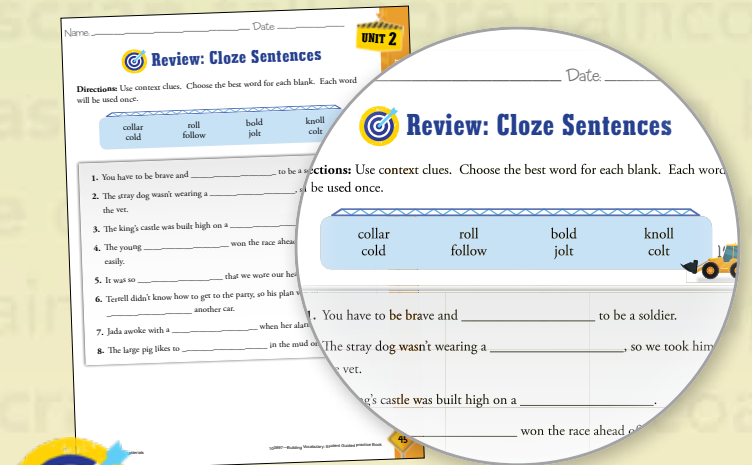

Let's Grow
Provides opportunities for students to review the words and concepts for the week

Day 5

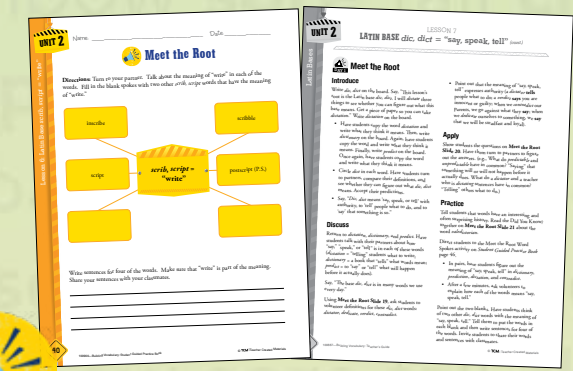

Let's Play
Offers a variety of activities and games designed to scaffold students' understanding of the new word families/roots

Days 2 & 4

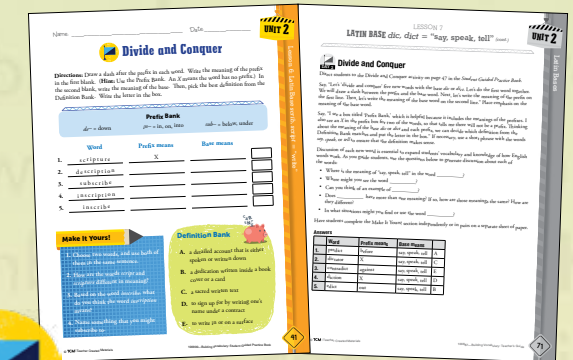

Review: Cloze Sentences
Offers additional practice to be used in learning centers, for independent work, or sent home for use with family members

Review

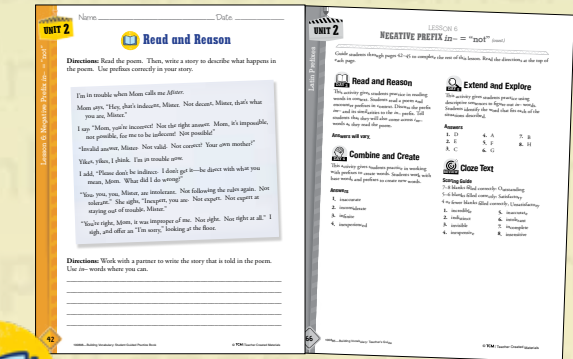

Meet the Root
Presents students with a root, its meaning, and several words that show its meaning in easy-to-understand contexts

Day 1

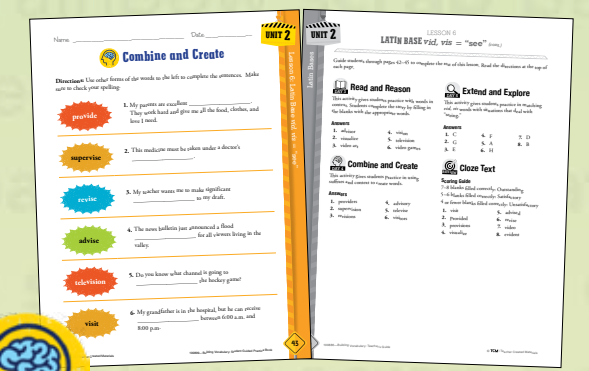

Divide and Conquer
Asks students to "conquer" words by "dividing" them into their word parts

Day 2

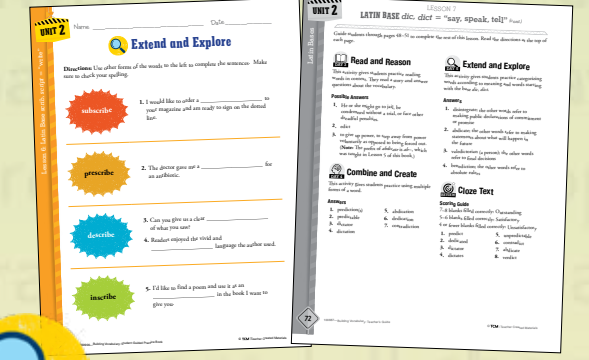

Read and Reason
Provides students with a variety of passages that use word roots in context. Students then answer questions about the root-based vocabulary in pairs or small groups

Day 3

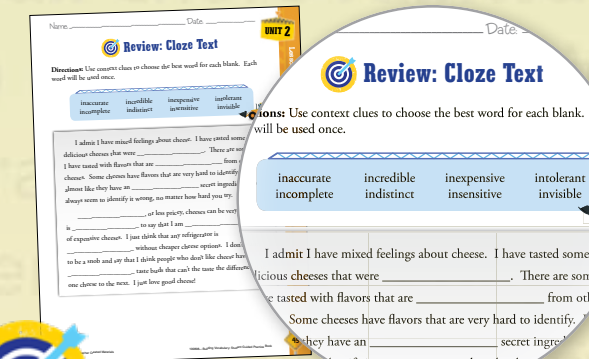

Combine and Create
Gives students the chance to put prefixes, bases, and suffixes together to compose English words

Day 4

Extend and Explore
Invites students to work individually, with partners, or in small groups to apply the new vocabulary

Day 5

Review: Cloze Text
Assesses student understanding as they use a word bank with eight words from the lesson and the paragraph's context to complete sentences

Developed by Experts

The *Building Vocabulary* series was developed by nationally recognized researchers, teacher educators, and authors.

"I love the notion that *Building Vocabulary* is respectful of teachers' time constraints. Instead of cramming an entire lesson into one long and tedious time period, *Building Vocabulary* spreads instruction out over the course of a week, using different activities so that students can examine the targeted word patterns from a variety of different perspectives." —Tim Rasinski

Professional Development

Teacher Created Materials offers dynamic professional development solutions to support academic vocabulary instruction. Teachers will learn how to equip students with the appropriate academic background knowledge to unlock the meaning of words.

These sessions will help teachers to:

- Empower students with a step-by-step strategy to effectively uncover the meaning of words using Greek and Latin prefixes, roots, and suffixes.
- Enhance students' agility with increasingly complex vocabulary to improve their listening, speaking, reading, and writing.
- Reinforce the importance of word learning and word play in the classroom through fun activities and games.
